# STANDARD SERIES

## 100 Series - FenceBlock

### 100 SERIES - FenceBlock

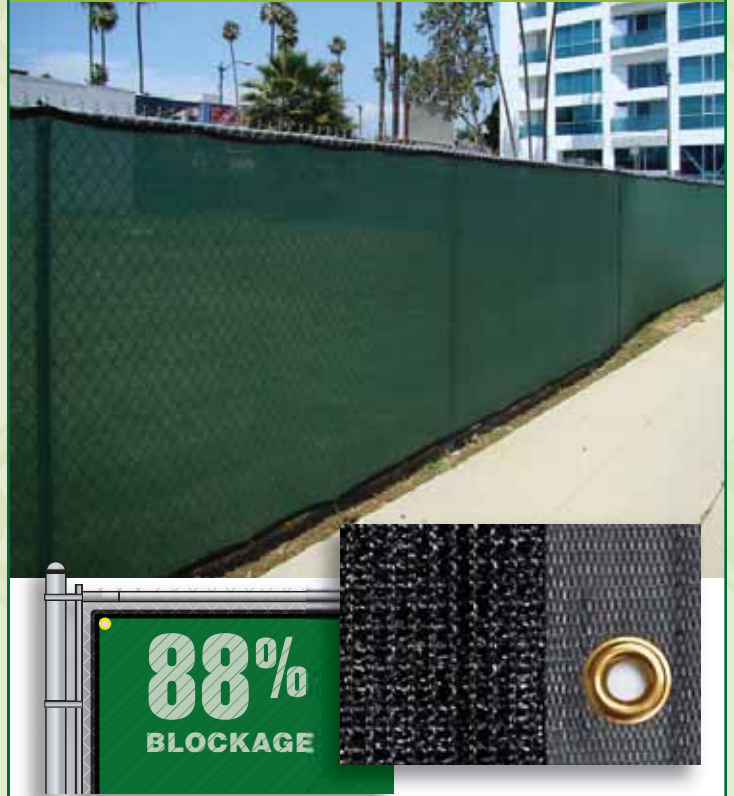

- 96% Visibility Blockage
- Knitted Polypropylene Construction
- High Quality Material
- Offers Maximum View Blockage

Fence Block is one of our top selling fence screens. Heavy-duty construction coupled with high-grade material makes for the most durable and economical screen with the highest degree of blockage on the market. With 96% visibility blockage, it's ideal for any fence project needing a high level of privacy. The fabric is both light weight and tightly knit, which offers maximum privacy coverage without adding significant weight to your fence.

**AVAILABLE COLORS:**  
BASALT GREEN ONLY

## 200 Series - Enviro Privacy

### 200 SERIES - Enviro Privacy Screen

- 88% Visibility Blockage
- Knitted Polyethylene Construction
- Designed for Less Air Restriction
- Water Resistant Fabric

FenceScreen Enviro Privacy Screen is perfect for commercial and residential fences needing privacy, air flow and color options. FenceScreen Enviro Privacy Screen is an economical solution to provide privacy and a clean look to any fence, construction site, special event, dog run, or fence barrier. It's a perfect complement to landscapes and backyards.

**AVAILABLE COLORS:**

GREEN, BLACK, BROWN, TAN, ROYAL BLUE, WHITE, GRAY, ORANGE, RED, NAVY BLUE

## 300 Series - Commercial

### 300 SERIES - Commercial

- 90% Visibility Blockage
- High Quality Woven Polypropylene
- Extra Tight Knit for Extended Lifespan
- Super Heavy Duty
- Economical

FenceScreen Commercial is the ultimate in high-quality, economical, privacy fence screening. This fence screen offers 90% tight weave pattern with a 90% visibility blockage, equalling a strong fabric that still allows for some air passage for projects that demand top quality, heavy duty privacy fence screen. Ideal for commercial and industrial fence projects, parking lots, commercial fences, parks and dividers.

#### AVAILABLE COLORS:

DARK GREEN, BLACK

## 800 Series - Vinyl Coated Poly

### 800 SERIES - Vinyl Coated Poly

- 75% Visibility Blockage
- Super Strong & Tear Resistant
- Offers maximum Air Passage
- UV & Weather Resistant
- Offers a Modest Amount of Privacy
- Matches with Flex Mesh Custom Fence Screen

This popular fence screen is designed to stand up to the elements and allow for excellent air passage and transparency. It is available in multiple colors and is extremely tough. The typical application for the material is residential or commercial properties, tennis courts, and high wind sport fields, where maximum durability and air flow is required.

#### AVAILABLE COLORS:

BLACK, WHITE, GREEN, YELLOW, NAVY BLUE, RED, TAN, MAROON

# PROFESSIONAL SERIES

## 400 Series - Vinyl

### 400 SERIES - Vinyl

- **100% Visibility Blockage**
- Highest Quality P.V.C. Solid
- Total Opacity
- Extremely Strong & Durable

100% Vinyl Privacy fence screen is ideal for indoor tennis courts, parking garages, trash enclosures, warehouse dividers, retail store locations or other fence applications requiring 100% privacy. Our 13oz. material is top-of-the-line, super strong, and comes in full range of colors, ready to be sized to fit any fence.

#### AVAILABLE COLORS:

GREEN, BLACK, BROWN, TAN, ROYAL BLUE, NAVY BLUE, RED, WHITE, GREY

## 500 Series - Vinyl Coated Poly

### 500 SERIES - Vinyl Coated Poly

- **80% Visibility Blockage**
- Open Mesh Style
- Excellent Air Passage
- UV & Heat Resistant
- Super Strong and Durable

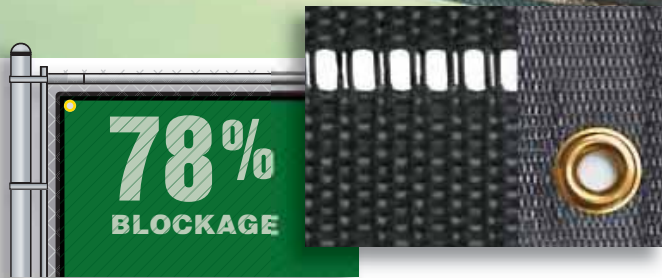

Vinyl Coated Polyester Premium fence screen is breathable, incredibly tough, and long lasting through any weather conditions. Considered by fence contractors to be the finest fence screening available. PVC Premium Coated Poly is an excellent choice for screening in warehouses, tennis courts, sport fields or commercial properties that require a top-quality look.

#### AVAILABLE COLORS:

GREEN, BLACK, RED, ROYAL BLUE

## 600 Series - Open Mesh Poly

### 600 SERIES - Open Mesh Poly

- 78% Visibility Blockage
- Leno Stitch Woven Polypropylene
- Allows Maximum Air Passage
- UV & Weather Resistant

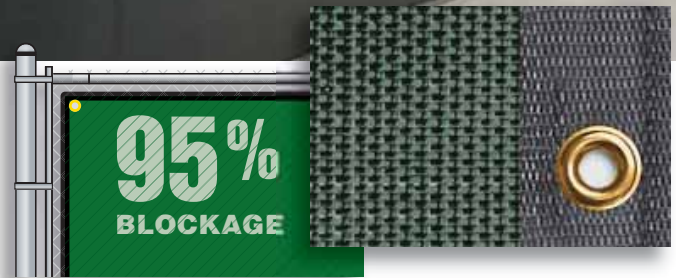

A vented Open Mesh windscreen pattern allows air to pass easily through this high quality privacy fence screen. Constructed of Leno Stitch material, it is a popular choice for tennis courts and other commercial fence projects. This material puts the least amount of strain on your fence, making it ideal for taller fences and high wind areas, while still providing reasonable privacy. A very popular choice for sports fields.

#### AVAILABLE COLORS:

ROYAL BLUE, DARK GREEN, BLACK

## 700 Series - Closed Mesh Poly

### 700 SERIES - Closed Mesh Poly

- 95% Visibility Blockage
- Constructed of Tight Knit Woven Polypropylene
- Ideal for Tennis Courts & Commercial Projects
- Highest Degree of UV Inhibitors

Closed Mesh Privacy windscreen has never looked better, and is a very popular outdoor fence screen material. It has a high quality, silky smooth, finished look and the ability to block out view while allowing for air passage, all thanks to its knitted design. The 700 series offers a 95% blockage, often required by many commercial properties, and is a top choice of architects. This is the ultimate screen for tennis courts and commercial properties.

#### AVAILABLE COLORS:

DARK GREEN, BLACK

# NETTING & BARRIER FENCE

## 1100 Series 7/8" Commercial Netting

### 1100 SERIES - 7/8" Commercial Netting High Tensile Heavy Duty Nylon Netting

- .875" Squares
- High Tenacity Nylon
- Finished with Rope Border
- UV Weather Resistant
- **Custom Sized to any Application**

Ideal for any construction project requiring debris containment, pallet rack covering, or holding back trash. Netting is an excellent application for construction or commercial properties looking to help the environment. Our knotted nylon netting is dyed black and bonded with UV inhibitor which ensures a long lasting, beautiful netting.

#### AVAILABLE COLORS:

BLACK ONLY

## 1200 Series 1 3/4" Netting

### 1200 SERIES - 1 3/4" Commercial Netting High Tensile Heavy Duty Nylon Netting

- Diamond Knotted Netting
- 1.75" Squares
- High Tenacity Nylon
- Finished with Rope Border
- UV Weather Resistant
- **Custom Sized to any Application**

The knot size is larger than our 1100 series, ideal for any outdoor project in need of safety netting, sport field, trash, roof top or other containment needs. Netting is an excellent application for construction or commercial properties. Our nylon netting is dyed black and bonded with UV inhibitor which ensures a long lasting outdoor netting.

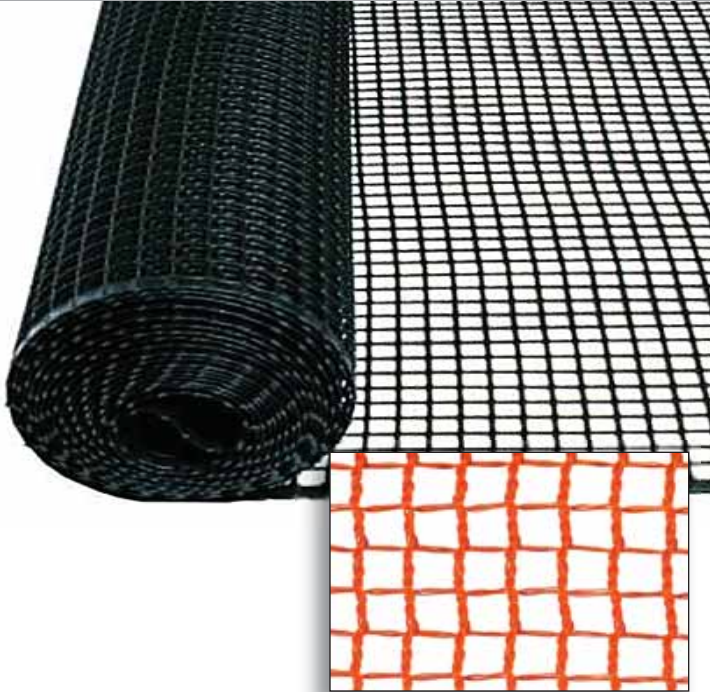

#### AVAILABLE COLORS:

BLACK ONLY

## 1300 Series Fence Netting

### 1300 SERIES - Fence Netting 48" Construction Barrier Field Netting

- Heavy Duty Polypropylene Netting
- Lightweight, Easy to Install
- Open Mesh Design

Designed as a low cost fencing system and inexpensive alternative to traditional fence. Manufactured of 100% polypropylene, it is versatile and extremely strong, easy to transport, install and store. This lightweight netting is a perfect choice for temporary event fencing. Popular uses are for animal control, deer fence, ball fields, and newly landscaped areas, parks and vegetation dividers.

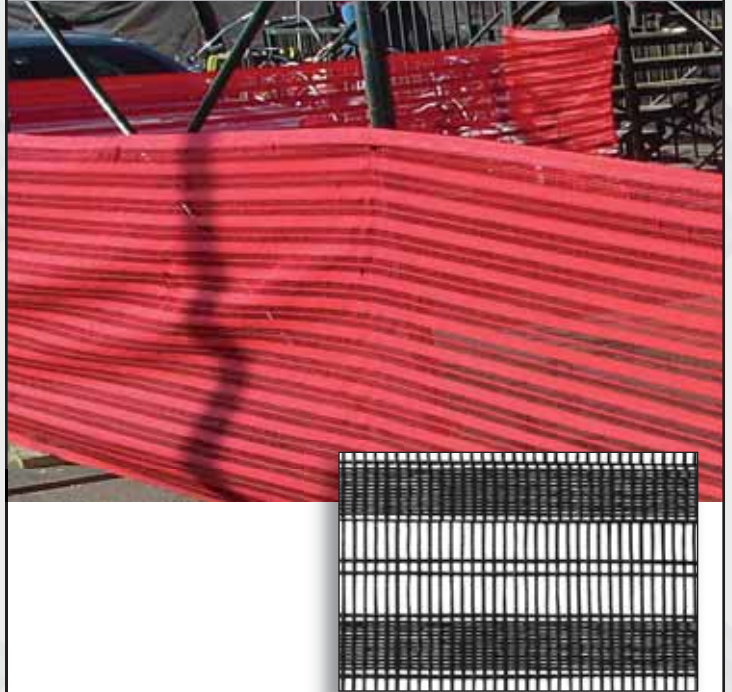

**Standard Roll Lengths: 100' x 4', 150' x 4'**  
(Posts sold separately)

#### AVAILABLE COLORS:

GREEN, BLACK, RED, ORANGE, BLUE

## 1400 Series Boundary Air-Flow Event Fence

### 1400 SERIES - Boundary Air-Flow Event Fence

- **50% Air Passage**
- Designed for Tough Outdoor Use
- UV Inhibitors for Fade Resistance
- Designed to Withstand Extreme Climates
- Wide Selection of Colors

Boundary fence screen is unlike traditional fence fabrics, made of a banded mesh fabric comprised of polyester and flexible foamed PVC, resulting in an extremely tough, long-lasting event screen ideal for barrier markers. Typical uses for Boundary Air-Flow; Ski Areas, Golf Courses, Parks and other special events.

**Standard Roll Size: 150' x 3'-10"**  
(Posts sold separately)

#### AVAILABLE COLORS:

RED, BLUE, BLACK, YELLOW, GREEN, TAN, FLORESCENT ORANGE

# TARPS, SILT FENCE, SLATS, SHADE COVERS

## 900 Series Building Scaffolding Tarp

### 900 SERIES - Building Tarp

- **85% Visibility Blockage**
- Ultra Strong Mesh Material
- Industrial Strength Webbing & Grommets
- Knitted Mesh for Maximum Air Passage
- Excellent Protection & Safety
- Extra Center Binding for Secure Installation
- **Standard Sizes:**  
20'x25' & 20'x50'

Our economical building overspray scaffolding covers are used by contractors and in high rise construction projects. Helps reduce the amount of wind from entering and debris from exiting during construction. Durable in all weather conditions.

#### AVAILABLE COLORS:

GREEN, BLACK, TAN

## 1500 Series Silt Fence

### 1500 SERIES - Silt Fence

- Perfect for Erosion Control
- Contractor Grade
- Easy Install - Wooden Stakes Placed 10' OC
- **Standard Rolls:** 3'x100', 4'x300', 6'x300'

Pre-assembled silt fence is an ideal barrier for sediment control. Typical use around construction sites or wherever there is bare or disturbed earth. The woven geotextile silt fence is designed to filter out sediment trapping any soil particles, preventing soil loss from the construction site run-off.

#### Sold in 100' lengths x 3', 4', & 6' heights

Posts included with 3' tall rolls (10' post spacing).  
Posts sold separately for 4' & 6' tall rolls.

#### AVAILABLE COLORS:

BLACK ONLY

## Bottom Locking Slats For 2-inch Mesh

### BOTTOM LOCKING SLATS Fence Slats for 2" Mesh

- Made of High Density (HDPE)
- UV Stabilized for Long Lasting Color
- Reinforced Center Slat to Hold Shape
- Resistant to Severe Weather

Bottom lock slats are excellent way to add privacy and security to your fence. Manufactured of High Density Polyethylene with UV Stabilizers to protect against fading in sun and other harsh conditions. The slats are reinforced with a center rib for a strong, durable slat that allows easy installation and helps hold its shape for years. Slats include a bottom channel to ensure they stay in place.

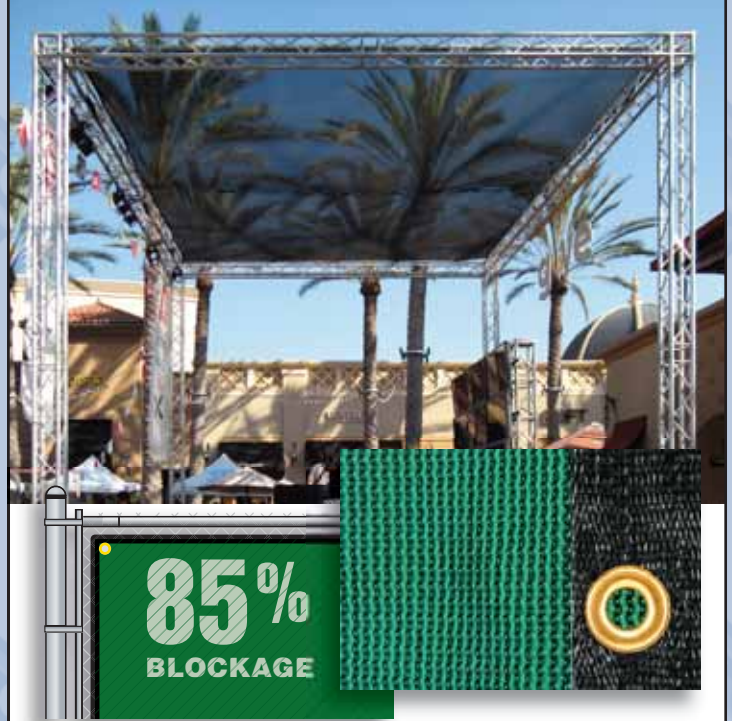

**Sold in bags of 10ft.**

#### AVAILABLE COLORS:

TAN, BLACK, ROYAL BLUE, GRAY, SKY BLUE, REDWOOD, WHITE, GREEN, BROWN

## 2000 Series Sun Shade Covers

### 2000 SERIES - Sun Shade Covers

- 85% Visibility Blockage
- Custom Sized to Fit Any Project
- Multiple Colors to Choose From
- Edges Finished with Binding & Grommets

Sun Shade covers are an ideal and economical solution for any area project requiring shade or cover protection, such as office buildings, car washes & car lots, parking areas, bleachers & seating, dugout covers, pools, playgrounds, patio covers, special event, restaurant, RV and large vehicle covers.

**Custom Sized to Fit**

#### AVAILABLE COLORS:

GREEN, BLACK, TAN, BROWN, ROYAL BLUE

# ACCESSORIES & FINISHING OPTIONS

# CUSTOM PRINTED FENCESCREEN - ORDERING

## ***CUSTOM FENCESCREEN - WE MAKE IT SIMPLE!***

### **Getting your logo or graphic printed has never been easier!**

Our qualified graphics department can accept and work with a wide variety of file types, and even custom design a logo or graphic to fit any need.

- 1.** Tell us the dimensions of the fence or gate that you would like to cover, then pick the fence screen material that fits your needs.
- 2.** Email or FTP your logo or graphic to us.
- 3.** Our graphic team checks and preps the file, then emails back an electronic pdf proof for your approval.\*
- 4.** Once you've approved the layout and colors, we print and ship your custom fence screen directly to you!

## ***NEED HELP WITH YOUR LOGO OR GRAPHIC DESIGN?***

We can easily help you in designing a custom graphic to fit your needs, or assist in preparing your files for large format output. Just call and talk to one of our friendly representatives for a quote.

\*Custom Graphics or Graphic Production may incur additional setup/graphic design charges.

Quotes for any graphic work are provided for client approval before any charges are incurred, or any work is started.

Printing colors are limited to CMYK process color range and may not exactly match the electronic proof as viewed on a computer monitor.

# SINGLE COLOR "PRINT ON" LOGOS

trivo  
G R O U P

## **GREAT VALUE. GREAT LOOK.**

The most cost effective way to present your logo. High visibility with an extremely clean look. Excellent for jobsites or sports fields to represent your company or team.

### **CUSTOM SINGLE COLOR LOGO:**

An extremely cost effective logo application. Just choose your logo and background color. The single color logo is screened directly onto standard fencescreen fabric, offering a smooth clean logo.
